ABANDON SCHOOL SITE ON 'QUAKE FAULT'

Teachers Win $200 Pay Hikes Totalling $115,000

After nearly a year's negotiation, Jefferson Elementary School district trustees Wednesday night abandoned the 10-acre Lincoln school site in the Westlake palisades because an earthquake fault is reported lying underneath the terrain.

Only two weeks ago the trustees had tentatively accepted the Henry Doelger property, located west of Skyline boulevard in the Palisades area, for a price of $125,000, subject to soil tests underway at that time.

TRUSTEE ELECTION

Lewkowitz, Callan, Miller Are Victors

Incumbents Michael Callan and Joseph Lewkowitz were returned to trusteeships on the Jeffefrson Elementary School district board by narrow margins Friday, while Coastsider Dan Miller won the three-way battle for the single Jefferson High post by a lop-sided tally.

Mrs. Stella L. Jensen, of Colma, veteran school board member, led the list of four men and three women elected to San Mateo county's first elective county school board.

Other elected to the county board were J. Paul Bradley, El Granada commercial artist; Tom Needham, South San Francisco attorney; Mrs. Alice J. Foley of San Mateo, member of the present appointive board; Paul A. Schumann, Millbrae attorney; Mrs. Florence M. Cadigan, San Carlos homemaker; and Arthur Magnuson, Jr., Menlo Park real estate broker.

Eleanore Nettle of San Mateo was elected as the new trustee for

The 161 teachers in Jefferson Elementary School district won a $200 a year across-the-board pay increase Wednesday night.

After rejecting the teachers original proposal, which would have cost the district $11,000 less next year, the board of trustees debated for one hour and finally adopted the $200 "square schedule." This provides for $200 a year automatic increase and $200 increase for each of the five academic steps.

The wage hike will add approximately $115,000 to salary costs, bringing the total for teachers pay in 1956-57 to $834,000. It amounts to approximately a 6.5 per cent salary increase for the teachers.

Under the increment, salaries will start at $4600 and go to a maximum of $7000.

Fred Schweickhardt, Colma K-6 principal, represented the teachers.

Still in a generous mood, the trustees promptly approved the $25 a month blanket increase requested by 26 non-certificated personnel (custodians, etc.). In fact Chairman Mike Callan said, "You're not asking for enough. A man with a family can't live on the money you get. The people in the district don't expect you to work for these wages."

The board stipulated that the $25 increase would be minimum and that if the budget allowed they would raise salaries further.

The board then proceeded to up the salary of board secretary Jean Landess from $25 to $50 a month because of the increased number of meetings she must cover.

Discussion of salary increases for administrative and supervisory personnel was postponed until June 13, at which time the matter will be taken up in closed session prior to the regular meeting.

As each wage increase was passed by the board, the some 50 persons assembled at the meeting, mostly teachers, applauded vigorously.

Not Enough Rec Director Prospects Yet

Deadline to submit applications for Daly City recreation director comes around for the second time Friday, and it still appears the city will have to postpone the examination again.

Originally, the deadline was last month, but was extended to Friday after only two persons applied. City Manager Howard Stites said applications of four persons who met minimum requirements were on file by 5 o'clock yesterday, but indicated this was not sufficient number to warrant holding an examination.

The job, which starts at $436 and goes to a maximum of $481 a month, is being held on a temporary basis by Edward Mosconi, former recreation supervisor.

Stites said he would ask the city council for a 30-day extension in order to attract several more qualified people to the job and make the competition more keen.

Qualifications for the post include graduation from an accredited college, with specialization in recreation and education, group work, and horticulture or floriculture. Applicants also must have had three years responsible experience in park or recreation leadership, one of these years in an administrative or supervisory capacity.

Examination for the position of Secretary III, secretary to the city manager, will be held tomorrow (Thursday) with seven candidates competing for the job.

GOOD NEWS after bad is read in THE RECORD by Mrs. James Walton, whose home and furnishings were destroyed in a fire last week. Mrs. Walton reads details of community's spontaneous efforts to gain money and materials for the stricken family. Fund For Stricken D C Family Swells

Things looked better this week for Daly City's "hard-luck" family, the James Waltons, whose home and furnishings at 108 Knowles were completely destroyed in a fire May 15.

Peter Markovich, spokesman for a special committee formed to build the Waltons a new home, said today that donations of money, material and services were piling up every day.

The Waltons and their four young children, who are currently living at 463 Winchester with in-laws, had plenty of misfortune prior to the disastrous fire, what with illness and accidents in the family, but last week's tragedy was the worst. The family had no insurance on the home and it along with their belongings were destroyed.

New Problem

A new problem faced the Waltons this week, but already a method has been found to skirt it. It was discovered that Walton only owned 50 feet of his 24 foot x 50 foot lot, the other half being purchased at a tax sale. Owner of the remainder of the property, a Bakersfield resident, can't be reached.

Markovich said, however, "We'll just have to build up to a second story to keep the home within the Walton's property line."

Estimated cost to replace the home is $6250 plus cost of furnishings. A sizeable portion of this is expected to come from members of Lake Merced Country club, where Walton was for 18 years caddymaster. Letters were sent to members this week by the committee.

Aside from individual donations, remainder of the funds will probably be raised through $1 donations now being sought. Goal is to sell 3000 $1 tickets.

A 24-inch television set will be given away to gain funds for the stricken family.

Pledges made to date to aid the Waltons include: Incandescent Supply Co., fixtures; Ray Lagomarsino, clothing; Kennedy Electric, wiring; American Roof Maintenance and Paramount Roofing, roof; Opperman Plumbing, hot water heater; Richman and Lee Co., window frames and glass; Mrs. C. R. Henry, electric mangle; Red Cross, complete wardrobe for each member of family; Daly City Saw & Lawnmower, service power saw and other items for building; Nate Pearlman and John Geiger, supervise painting; Early American Paint, $50 in paint; Gigli Plumbing, plumbing material; Floor Craft, labor and materials for kitchen; Joe Stanley Furniture, furnish two rooms; Galli Furniture; one room furniture; Manufacturers and Wholesalers association, $159.75; St. Vincent De Paul, $100; THE RECORD, printing of 3000 fund-raising tickets; Daly City Letter Shop, 300 envelopes, letterheads.

In addition to Markovich, members of the special committee are Fire Chief Elmer Kennedy, Fred Bertetta, Bill Kennedy, Joseph Lewkowitz, Melford Battye, Police Chief Roland Petrocchi and George Hopman.

Individual donations may be sent to the fire chief at station No. 5, Lake Merced boulevard, or the Chamber of Commerce office, 6454 Mission street.

By MONTE DAYTON

They don't really believe in ghosts over in Broadmoor, but the MARTIN ORLOFF family, 741 Stewart avenue, are wondering whether the spirits have invaded the house above them on Maddux.

The other day the Orloffs noticed a more than small stream of water rushing toward their home and inundating their yard.

The house directly above them is unoccupied, so it couldn't be coming from there . . . or so thought the Orloffs.

But on investigation they discovered someone had turned on the water in the vacant home, filling the rooms to a goodly depth, after which the water sought its own level at the Orloff home.

JACK FISHER, goodwill man for the Goodwill Industries, avows that the Westlake subdivision has the "most contented group of homeowners I've ever seen . . . and I travel around a lot."

Doelger engineer CARL TIMMONS missed the past couple weeks of work and nobody believes it when he tells them the real reason—he had the chickenpox.

The jokesters who last year uprooted the Daly City city limits sign on Coast highway just off Skyline boulevard and transplanted it about three miles further south down the coastline, turned out to be prophets.

When annexation of the MacReady property takes effect, Daly City will be able to reach the Coastside community of Pacific Manor with a hefty stone's throw.

Cabbie Hangs Self After Being Jailed

A Daly City cab driver hung himself in the city jail Monday morning after he had been arrested on a charge of malicious mischief for throwing objects through the door of a tavern owned by his co-employer, George Kirchhubel.

Francis A. Smollen, 29, of 50 Peoria street, was found dead at 7:05 a.m. Monday in his cell at the city jail. He had torn up his shirt to make a noose, according to police.

Police officer Francis Murray, sitting in his patrol car in front of the station early Monday morning, observed Smollen throw a

City Employees Get $6519 In New Benefits

Amendments to the city employee retirement system that will cost the city approximately $6519 a year were adopted by the city council Monday night.

Changes include basing retirement pay on 1/60 of final compensation instead of 1/60 of compensation during last three years ending in 1946; basing retirement benefits on highest average monthly compensation earnable during three consecutive membership years instead of five consecutive years; $400 death benefit for retired persons, instead of $300; and prior service benefits of retired miscellaneous members to be equal to 1/60th of final compensation, instead of compensation during three years ending in 1946.

SEE LOWER FIRE INSURANCE RATE

A meeting will be set up with the National Board of Fire Underwriters this year in attempt to secure a lower fire insurance classification for Daly City, City Manager Howard Stites told the council Monday night.

Stites said a request for a survey here by the underwriters had already been made. Fire insurance rates are based on the adequacy of fire protection facilities in a city. Since Daly City has augmented its fire fighting facilities and personnel since the last survey was taken, this year's study is expected to result in a lower rate.

12-Minute Parking Nixed By Merchants

Proposed 12-minute parking zones for certain congested commercial areas, broached last week, has resulted in a wave of protests, Mayor Joseph Verducci told the city council Monday night.

"I got about 15 or 20 calls from merchants and they were definitely against the plan," the mayor said.

"That's a normal reaction," said City Manager Howard Stites, "until they've tried it out.

"With a 12-minute zone three or four people can transact business in an hour instead of only one."

The council postponed any action in order to hear further comment from citizens and merchants at next Monday's meeting.

MAYOR ASKS STUDY ON 1-CENT SALES TAX

City Manager Howard Stites was directed by the council Monday night to make a "collection of factual data" on the proposed one-cent city sales tax as it would affect Daly City.

Mayor Joseph Verducci, who last week expressed himself personally in favor of the sales tax measure as a means of gaining drastically needed new revenue, asked Stites to get the information "as soon as possible."

Asked by George Kirchhubel if he was correctly quoted in a local newspaper story last week which said he was in favor of the sales tax, Verducci said, "As an individual, yes, but as a mayor I want more time to study it."

"I just wondered," observed Kirchhubel, "because the papers usually mis-quote everybody."

CITIZEN ASKS SELMI STATUS WITH COUNCIL

A clarification of City Treasurer Paul Selmi's status, now that the Selmi-backed recall of three councilmen has failed, was asked of the council Monday night by a citizen.

Gen Andrus, 24 Abbot avenue, declaring that he had "watched the recall very carefully," said he didn't want to see the matter "left hanging on the fence."

"We had the Better Government for Daly City committee," Andrus said, "and many questions were brought up. I was glad to see this. It clarified a lot of things. I was dubious myself about the city manager and was glad to hear he was cleared.

"The council has been given approval to carry on their work and they have my congratulations. But this talk about Selmi being backed by shady people doesn't set good with me at all. When it comes to the point when the city treasurer is brought into this thing, it is definitely a concern of mine and all people in Daly City.

"Selmi was elected by the people and we want to know that the confidence is yours too.

"What Is Meant?"

"I want to know just what is meant by these people backing Selmi. So we can all start this thing out on a clean bill of health, we should have an investigation if it is in order."

Gorge Kirchhubel, local tavern owner, arose, commenting that, "You looked at me. There was an insinuation. If that's what he wants to know, you can investigate me anytime. You can't do a darn think about it. I've lived here 50 years and I'm proud of my little city." He then proceeded to quote Shakespeare to the effect that he did not care about anyone's opinion of him and that he was his own judge.

Councilman Del Wilson observed, "We've had bad publicity for so many months. Let's forget

(Continued on Page 2)

After conferring with three engineers in a one-hour closed session Wednesday, the trustees passed a motion to abandon the site.

Returning from the closed session, the trustees went back to the agenda without mentioning what had transpired in the caucus session, but when asked by the Rev. Fred Fanthorpe when the Lincoln negotiations would be completed, Chairman Mike Callan revealed, "We won't take that site. We might move to a more favorable location on the other side of the freeway."

Move To Abandon

Trustee Henry Appleton then moved, "We abandon the Lincoln site and seek another one." The motion won unanimous approval.

Fanthorpe was interested in the property acquisition because his church, the United Evangelical Brethren, are negotiating with Doelger to build a church adjacent to the area that was proposed for the school.

Rejection of the Lincoln site is expected to delay completion of that school at least another six months, while trustees search for another site in an area where undeveloped property is rapidly diminishing. In addition to the time lost, some $1500 was spent for appraisals of the land and an undetermined amount for soil investigations and other preliminary property research.

According to information received by THE RECORD, the trustees action was based on three separate engineer's reports.

Opinions Conflict

Opinion in the initial report was that the land was sufficiently stable for school construction. The second report indicated that the position of the fault, part of the San Andreas, was such that it was questionable if a school should be built there. The third engineer's study indicated that it could be used for a school site, but might not be desirable because of the possibility of future repercussion.

"It is definitely understood, however," a trustee stated, "That this land is not unsafe for home development. We just didn't want to take any chances in event of an earthquake."

Carl Timmons, engineer for

Doelger, declared that "The school reports are in conflict with those we have. We're naturally optimistic about our geological reports. But the school being a public body, they would be subject to severe criticism for taking the site. Especially when there are other sites available."

"I think the school district's idea is why spend more money for soil tests and research to definitely remove the possibility of any danger, when all they have to do is select another site. If this was the only site available, I think it would be a different question.

Cite Stability

"As far as we're concerned, we've had soil engineers continually on the site, and they recommend the stability of that material for residential construction."

Timmons explained that the subterranean condition is part of the San Andreas fault which extends along the coastline from Mexico to the Aleutian Islands.

"The land is not directly on the fault but theoretically the area could be affected by an earthquake," the engineer continued.

He said the original consulting engineer, Charles Lee, did not commit himself one way or the other on the seriousness of the problem. E. Marliave, a second consultant hired by the Doelger corporation, maintained that the land was completely safe for schools. According to Timmons, other reports were sought but none of the experts would commit themselves one way or another. "Actually, it's all in the realm of opinion," Timmons explained.

He said Doelger definitely plans to subdivide the area for homes.

politics and get something done in the city."

Councilman Paul Hupf reminded the audience concerning Andrus' request for an investigation, "The council has no powr to investigate elective officers."

Meeting Proposed

A meeting with Selmi to reach an understanding was proposed by Councilman Sanford Vickers."

Andrus answered, "I'm making no accusations. I'm only asking that something be clarified. This thing has been nasty and I don't want to stir up any more unfavorable publicity—but I, as a taxpayer, for Selmi's sake and the council's sake want to know what it's all about."

Observed Hupf, "The same group that elected us elected Selmi. Let's forget what's happened." He noted that, "Nothing will be served by a meeting with Selmi."

Mayor Joseph Verducci concluded the debate by explaining to Andrus, "All of us were recently elected and we've got a big job ahead. We'll dedicate ourselves to the betterment of the community and do all we can to see that it's run efficiently. This takes in the factors about which you speak."

"That answers my question," said Andrus.

the College of San Mateo. Mrs. Nettie received 7,114 votes to 5,565 for her opponent, Mary Ericksen of San Bruno.

Mrs. Nettie, who was defeated in a try for a seat on the board last year, will fill the post being vacated by Jorgen C. Johansen.

Miller Wins

Miller, a former newspaperman, polled one of the most impressive totals in the county in winning the single Jefferson high school board position in a contest with Mrs. Helen Stout and Herman Kalinin.

Miller received 1,478 votes to 474 for Kalinin and 419 for Mrs. Stout. A member of the Laguna Salada elementary district board for the past four years, Miller will take over the position vacated by Mrs. Mildred McGeein.

Callan and Lewkowitz retained their Jefferson elementary school district board positions in an election marked by an extremely light vote.

Callan, a local housing development figure, polled 444 votes, while Lewkowitz, who owns a Daly City service station, received 411. Trailing the pair were Thomas F. Noonan, backed by the League for Better Schools, 350; William H. Beck, 292; and Ralph D. Lewis, 163.

Callan has been president of the board and will probably keep that position for the next year. Lewkowitz, in light of his victory, is in line for the chairmanship next year.

Mrs. Jensen's Vote Tops

Mrs. Jensen, running unopposed in area two, polled the highest vote total in the county board races with 19,470 votes. Although the winners represent seven different areas, the voting was county-wide.

Other vote totals by areas: Area one—Bradley, 11,528; Mrs. Mildred Elliot, who withdrew because of ill health, 7,333; and Jesse Nunziati, 2,619. Area three—Needham, 12,235; Maurice Mullins, 7,815. Area four—Mrs. Foley, 12,725; Jack Martinelli, 7,758. Area six—Mrs. Cadigan, 8,326; Orval Graves, 7,478; and Harry Learned, 4,464. Area five—Schumann, 9,670; W. T. Watkins, who withdrew, 9,604. Area seven — Magnuson, 9,673; Perry West, 6,776; and Homer Whiting, 3,629.

The new board will have control over curriculum and textbooks for all non-city school districts in the county; teacher requirements, and contracts between the county superintendent of schools and local districts.

Terms of board members will be decided by lot at the first meeting, so that not more than two will stand for re-election in any one year in the future. A full term is four years.

When Murray drove up, he said Smollen saw him and ran and sat in an empty cab. When Murray confronted him, Smollen said, "OK, take me to jail," and then became belligerent when his request was granted, the report stated. Smollen was taken to the police station, booked and jailed.

Kirchhubel is one of the owners of the Hilltop Cab company, for which Smollen had worked. The cab drivers held a one-day strike last week.

There was no apaprent motive for the suicide, police said. Smollen had been separated from his wife, Ruth, and two daughters, Wendy and Kimberley. He is also survived by two sisters, Mrs. Anne Dillon and Mrs. Marie McFarlan. Funeral arrangements were private.

A DUBIOUS DISTINCTION

Jefferson Elementary School district last Friday witnessed the most appalling turnout of voters for a trustee election in the district's history.

Little more than six per cent of the electorate showed up at the polls to select two trustees who would govern the expenditure of their cash—to the tune of about $2,000,000. Percentage-wise, this is the lowest turnout in the district's history as far back as the records go.

Without taking anything away from the trustees deserved victories, they were named to office by an insignificant three per cent of the district's entire number of registered voters, 13,744.

In analyzing this dismal turnout, it is pointed out that the school election was preceeded only three days by a municipal election.

This probably accounts in some measure for the piddling vote.

But we believe the largest single factor was the neglect on the part of the county to send out election notices to the voters.

This newspaper was besieged with persons calling to inquire why they had not received any notice of the election.

One interested citizen went to four different polling places in an attempt to exercise his franchise, but finally gave up.

We feel reasonably certain that the posting of election notices would have increased the voter turnout to at least 10 or 15 per cent —not a laudable figure but certainly much more of a representation than six per cent.

In its first year handling the election proceedings for the local districts, the county has done a service in expediting some facets of voting procedure.

But if the county officials seek any evidence to show that mailing of election notices is important, all they need do is check the total tally for the Jefferson Elementary district.

The district certainly does not want the dubious distinction of having the most apathetic citizens in the county. And maybe these citizens aren't apathetic, but just uninformed.

LETTERS TO EDITOR

Miller Extends His Thanks To Voters; Lauds Coverage

Dear Sir:

I would appreciate the opportunity of extending through your columns, my warmest thanks to the people within the Jefferson High school district whose efforts have made successful my candidacy for a trusteeship.

To the voters, I pledge my best efforts to provide equal educational opportunities for all the young men and women of the district within the limits of our economy.

And may I offer my earnest congratulations to your publications for the coverage of the school elections, particularly for the editorial, "Don't Gamble With $4,000,000."

You were eminently correct when you said, "On May 18, about one-tenth of the citizens eligible will go to the polls to pick Jefferson Elementary School district and Jefferson High School district trustees." Your prophecy became shameful reality last Friday.

And your opening sentence, "Ten people with $4,000,000 to spend every year!" could be as accurately and more alarmingly stated, as long as the two districts are confronted with population growth problems which force them to maintain large state school building and bond building budgets, "Ten people with $7[illegible] to spend every year!"

[illegible] is one of the duties [illegible]ustees and administra[illegible]ring to the individual citizen an awareness of his responsibility for the participation in the understanding of and the support of the American free public school system.

It is gratifying to observe the fine efforts of the press striving to effect the universitality of this much needed awareness.

Sincerely,
Don Miller

MRS. STELLA JENSEN CONVEYS HER THANKS

To the Editor:

May I use your paper as a medium to thank my many friends for the vote of confidence which they gave me at the election on May 18, which will give me the opportunity to serve on the first elected county school board in San Mateo county.

I am indeed very grateful and will serve to the best of my ability.

Thank you, also.

Mrs. Stella L. Jensen

Councilman Proud Of Recall Defeat

May I extend my heartfelt thank to THE RECORD and the many friends and citizens who helped so overwhelmingly to defeat the recall. It makes me proud and humble to serve a community which will stand on its own feet and batter down the forces which would lead the city away from a forthright and progressive government.

Again may I thank you one and all.

Humbly and Sincerely,
Micheal R. DeBernardi

PRESIDENT ISSUES THANKS FROM VISTA GRANDE ASSOCIATION

Dear Mr. Bradshaw:

On behalf of the officers and board of directors of the Vista Grande Concert Association, I wish to thank THE RECORD for the publicity given this non-profit association throughout the past season.

I also wish to thank the Daly City recreation department through whose co-operation we were able to present this season's closing concert to everyone, without charge.

Sincerely,
Thos. E. Brewer, Pres.
VISTA GRANDE CONCERT ASSOCIATION

Never step off the curb when you're walking in traffic without looking both ways first. Some people watch the traffic light and as soon as it becomes green they enter the street without looking. Don't have that much faith in the average motorist, says the California State Automobile Association. It isn't a good safety habit.

Village Notes

By Gwin Mitchell

PL 5-0679

The spring fix-it season is around again. All over the Villages people are painting, gardening, putting up gutters, putting in sprinkler systems, reparing screens, cleaning out attics, underneath-the-houses, garages and all other space inside and out. Some are working on new additions to their homes, and others are thinking about Systems to Keep the Children Busy . This Summer. 'Twas ever thus! Most people find a good "ridding out," to borrow an expression, makes them feel as though they were starting a nice summer with a good firm basis and the decks cleared for action—and relaxtion. Might not be a bad time for a mental housecleaning either; washing the windowpanes of understanding, rearranging some viewpoints, and slipcovering old ideas, still structurally good, with brighter attitudes. Then's the time to invite family and friends in to enjoy the changes.

Another sure sign of spring is the May dances the children give at all the schools for admiring parents and teachers. We have heard that this year's program was delightful, and only wish we could have attended. Bouquets to all the dancers, and to the teachers who so patiently explained and taught and practiced and worked to make it all possible.

Hither and yon: Friends of Jan Talbot's tell us that she and Paul and the children have a beautiful home over in Sleepy Hollow, nice and big! . . . . New Tupperware dealers in the area are Owen and Helen English. . . . John Taylor deserted Nimitz for Houston for a week's business trip. That's Texas, you-all, and it was hot. Possibly they could use some of the chilly little breezes which have been tangling clotheslines around here lately. . . . The Yates family is leaving Midway and heading for the hills—in Serra Highlands. Not too far away for friends to run down and visit. . . . The classrooms being built at Ben Franklin school are looking more and more like classrooms and less and less like a miscellaneous collection of 2 x 4's.

Birthdays

Some birthdays came along recently for recognition: Kenny Stettler (Midway) had an 8th one to share with friends, so he did this by inviting Michael Calloway, Lee Williams, Allen Newcomb, Dale Taylor, and brothers Ronnie and Gary Stettler for ice cream and cake and a trip to the Roller Derby. Big Day! Not only that, but Kenny is now a bona fied member of Cub Pack 259.

Sorry to hear that several of our townspeople have been on the sicklist, and hope they are, or will be, feeling themselves again. Alice Anthony, John Hess and Jackie Hayes are the grown-ups on the list, and Pam Eagleton and Stephanie Marting are the young ones. As always, the wish goes beyond the written list to anyone who needs it.

When Dot Hazen moves from Village Lane to Millbrae sometime this spring—too soon for her friends and neighbors to relish—the BPD loses one of its capable police matrons, and they'll miss her. So will all the people she has helped in this capacity, and all the children who have crossed streets to and from school with Dot there to stop traffic for them.

We spent a wonderful evening with Nita and Adriano Delfino in their home on Washington a while back, and came away replete with good conversation and Philippine refreshments. Having heard of Nita's prowess with cookery, we were glad to have a first-hand taste, and having heard of Adriano's prowess with the written word, we were equally glad to read some of the things he's written. Speaking of writing, there was a very clever paragraph in a SF paper the other day re Adriano and Jack Kent, who draws King Aroo, and Kent's use of Tagalog (Philippine national language) in the mouth of Wanda Witch.

And also speaking of writing, Adriano will be doing outside publicity for James L. Snell PTA, another one on the august list we mentioned two weeks ago. Also new on the list are Renee Senter, who will be parent education chairman, and Bob and Joan Dwyer, who will be school education chairmen.

Projects

Herb and Hilda Stettler couldn't let Kenny be along with his birthday project, so they got busy on a couple of their own—not birthdays, though. Hilda had several friends from San Francisco and San Mateo for luncheon, and dinner guests the same evening from San Mateo. Herb's project is one dear to his heart. He's Scoutmaster for Troop 129 again, and everybody's happy. Temporarily, he's taking on Troop 84 too, so he's busy! The Stettlers are, of course, Midway residents!

Heard that Marge McKay had a birthday with her family, complete with cake, hence a belated wish from here. We did not learn the number of candles on the cake! Marge is a Nimitz dweller. . . . Also heard that Art Bullen is now back home on Village Lane, after a business trip to Washington, D. C. The word is that the food is very good in a certain restaurant in a certain building with a dome!

Three little girls had birthdays not so long ago. Two were 6 and one was 8, and they all live on hills. The first 6 year old was Janice Peterson, who lives on 87th Street, and she invited Rita Glischinski, Chrissie Mitchell, Carol Files, Sue Snider, Diane Larson, Beverly Hoppe, Carol Peterson, and sister Susie to a luncheon party. Janice's party dress—and Susie's—was made by her mother, and it was a pink dream!

The second 6 year old was Perky Gillespie, who lives on Gilman, and she treated her guests to luncheon and a trip to the zoo. Caroline Cauchi, Sharon Cauchi, Cinde Ottosen, Linda Knox, Nancy Swoverland, Jimmie Arnott, Collins Orton, Marilyn Mattson, Lisa Harrod, Leslie Harrod, Cliffy Warner and Margot Reichard were the lucky ones. Fortunately, mothers Gloria Gauchi and Pic Harrod helped with the zoo expedition, but unfortunately, mother Bunny Gillespie found all her hubcaps had been stolen while the car was parked at the zoo, a sad ending to the day.

Maypole Cake

The 8 year old lassie was Janet Warner, who lives on Thornhill. Her party had a May theme, with a special maypole cake, and it tasted as good as it looked to Ley Elliott, Linda O'Connor, Mary Wright, Jerry and John Heick, Cathy Hoffman, John Liska, Linda Voreyer, Lynn Caldwell, Robbie and Bruce Warner, Karen Cox, and Kathleen Garrisiere.

There are more new little Villagers, we are glad to say, who have picked our town to live in. That long-legged bird is busy again! He brought a first baby to Bud and Jackie Hayes down on Stewart—Ronald Warren Hayes, who weighed in at 6 lbs., plus, with lots of black hair and a cute nose, we hear. . . . Another young gentleman arrival is now happy with parents John and Joyce on Stoneyford. He weighed 8 lbs., 8½ ozs., and is being adored by sisters Judy and Anita. . . . Third of the masculine contingent is Thomas Augustine Mullaney, Jr., who also has two sisters, Nancy Ann and Jeanette, to fuss over him. Parents Tom and Marion are happy to have a 7 lb., 1 oz. boy around, too. Incidentally, a belated welcome to the Mullaneys. They came here from Vallejo in February, but knew this area pretty well anyhow, as they are San Franciscans!

Visitors

Frank and Mary Ellen Tanner had visitors at their Garden Lane home not so long ago. Mary Ellen's parents, Mr. and Mrs. Clay Janes, came down from Mariposa, and her sister Eudora Kruppa came from Ballico with her husband Chester and son Carl. Add Mary Ellen's sister Ann, who lives with the Tanners, and you have a mighty fine family gathering! There was a busy weekend at the Tanners', with time for a trip to see "Oklahoma!" fitted in.

Lucky Peg and John Murphy spent some spring days on a ranch near Red Bluff, and had a chance to know how lucky country children are this time of year. They fed pet lambs, hunted for polliwogs, climbed in tree houses and played outdoors on the warm evenings until mother Vi dragged them in. There was also a bonfire and roasted hot dogs and marshmallows. The children went up to Red Bluff with Vi when she went to see her mother, and not only had the fun on the ranch, but had umpteen rides in their uncle's small 3-car train, in which he rides children all over town. It runs on a battery and on the street, like a car. Altogether, a big week for John and Peg, Midway Murphys.

FLOATING REFUSE

Boaters are advised by the national Automobile Club not to throw out floating refuse that will be washed up on beaches.

Library Friends Elect

Marking their first annual meeting, "Friends Of The Library" met at Westlake school Tuesday to elect officers for the ensuing year. Those elected were Mrs. Robert L. Woods, president; Mrs. Del Guymon, first vice-president; Mrs. Foriest Cunningham, second vice-president; Mrs. Howard Stites, treasurer; Mrs. Stanley Wilson Jr., secretary; Jack Hurt and Harry Bosbery, directors.

Speaker of the evening was Mrs. J. Henry Mohr, president of the San Francisco library commission, whose topic was "How To Be A 'Friend'." Mrs. Mohr cited contributions of other "Friends" groups to libraries in cities all over the nation and stressed their importance in the cultural life of the community. She expressed amazement and pride in the progress made by the Daly City-Broadmoor "Friends Of The Library."

Miss Patricia Clark, Daly City librarian, expressed appreciation to the group for the help given in the opening of the Westlake branch. Mrs. Rosetta Cardwell, branch librarian, reported great enthusiasm and much use of the Westlake branch.

One of the first projects for the "Friends" will be to assist in a summer reading program for the youngsters, with the cooperation of various PTA groups. Mrs. Del Guymon is home reading chairman for James L. Snell PTA, and will also represent the "Friends." Other Daly City PTA groups are urged to contact the library or Mrs. Guymon and participate in this activity.

Mrs. Walter J. Baker, who introduced the evening's speaker, announced that she will be the Westlake PTA representative to the "Friends Of The Library" and help to coordinate activities between the two groups.

One of the highlights of the current membership drive was a "patron membership" of $25 from Mr. and Mrs. Thomas Brewer who are enthusiastic about the merits of this group. Memberships are still being accepted and sought, and those interested are urged to contact Mrs. Stites, at 34 Northgate avenue, PL. 5-5094, or Mrs. Cunningham, at 188 E. Vista avenue, PL 5-5783.

The meeting concluded with serving of refreshments by a committee consisting of Mrs. Don Morin, chairman, Mrs. Joseph Verducci and Mrs. Earl Baird.

EAGLES CORNER

By Dell Fehl

The installation of officers for both Aerie and auxiliary will be held June 2, 8 p.m., at the Masonic Temple, 17 Hillcrest drive. The installation is open to the public.

Aerie officers to be installed for the coming year are Joe Rayla, past president; Charles Bartha, president; Jerry Summers, vice president; Dell Fehl, chaplin; Herm Kalinin, conductor; Don Giffin, inside guard; Fred Ford, outside guard; Otto Schramm, treasurer; Charles Maschinot, secretary; Dave Malinoff, Jack Mona and William Grubb, trustees.

Immediately following the installation the Aerie hall will be open for a buffet and dancing. I'm certain that anyone attending will be rewarded with a pleasant evening, so let's give the new officers the start they deserve.

The attendance at the weekly meetings is rapidly increasing, and, therefore, bringing about better meetings. So come around on Thursday nights and get reacquainted.

CIAMPI SAYS BUILDING IS AHEAD OF SKED

School building in the Jefferson Elementary School district is two months ahead of schedule, Architect Mario Ciampi told trustees Wednesday night.

He said that work was progressing well at Benjamin Franklin and that Vista Grande bids will be opened June 13, while Vista Del Mar plans have gone to the division of architecture.

The board read a letter from Jack Kendree pointing out that the Henry Doelger firm felt the cost of constructing homes to be used as temporary school buildings would be "prohibitive."

In other action, the board:

1. Awarded bid for supplying new truck to Gateway, whose proposal of $1320 was low of the three submitted.

2. Called for bids on site improvement at various schools, as provided for in a master plan adopted last year. Bids will be opened June 13.

3. Hired teachers Betty Doerksen, Roberta Guy, Marcia Shukin, Barbara Sharp, Helen Anderson, Kathleen Van Valin, James Davis and Troba McClellan.

4. Heard report from H. Z. Weibel, superintendent, that the state department of finance had allocated up to $142,000 earlier that day for purchase of the Lincoln school site.

D. A.'s DEMURRER TO TWIN LIBEL SUITS DELAYED

District Attorney Keith Sorenson's demurrer to libel suits filed against him by Dino Donati and David Johnstone of Daly City was continued to June 6 for arguments in Judge Aylett Cotton's superior court Wednesday.

Donati, pin ball machine distributor arrested on a bookmaking charge recently, and Johnstone, former Daly City police inspector discharged by the council, both named Sorenson defendant in $125,000 damage suits, charging defamation of character for a letter Sorenson wrote to Police Chief Roland Petrocchi last year. The district attorney wrote that his office would withdraw cooperation with Daly City police if Johnstone continued on the force, because of his alleged friendship with Donati, described as a "known gambler and bookmaker."

Sorenson maintains in his demurrer that the letter was a privileged communication between law enforcement officers.

EMPLOYEE ENDS PROTEST OVER JOB EXAMINATION

Former city license collector Martin Strubel Monday night withdrew his protest over recent civil service examination for that job at a joint meeting with the council and personnel board.

Earlier Strubel, who had held the collector job on a temporary basis since September, 1955, claimed that the examination "did not pertain to the job. Civil service rules say examinations given for specified jobs must pertain to the job."

On hand for the hearing was Charles Diggs, state personnel analyst who assists in drawing up the examinations. He explained that the test given here was similar to the ones given throughout cities and counties in California.

He added that the tests were geared to determine overall aptitude, and not just specific information connected with the particular position, since most men applying for this type job are not experienced in the position for which they are competing.

"I think Mr. Diggs has straightened out most of the questions in my mind," Strubel said.

Asked by Mayor Joseph Verducci if he was satisfied with the hearing, Strubel said he was.

CEMETERY STRIKE STILL UNSETTLED

The Colma cemetery strike appeared no closer to being ended today than it did when it started 18 days ago.

Representatives of the Cemetery Workers union and the Associated Cemeteries met Wednesday at the San Francisco Labor Council at the request of San Francisco mayor George Christopher, but could reach no agreement.

John E. Kantwell, spokesman for Associated Cemeteries, said that the union spokesman, Mr. Katsarsky, stated that the union must have a commitment on disability and unemployment.

Kantwell said that the "Associated Cemeteries have already offered disability, and are willing to arbitrate on unemployment or any other matter.

Katsarky said that wasn't satisfactory with the union, and the meeting ended, according to Kantwell. No further meetings have been scheduled.

Mrs. Eason Honored As Outstanding Mother

Mrs. Ann Eason of 199 Westlake avenue, Daly City, was selected as one of San Mateo county's five outstanding mothers in ceremonies held recently at Macy's restaurant in Hillsdale.

Mrs. Eason is a trustee of the Jefferson High School district and a member of the Daly City recreation commission.

Each of the finalists received an orchid corsage and a gift certificate. Judges were Mrs. E. R. Stallings, wife of the county manager, James Tormey, county superintendent of schools, and W. M. Wilson, manager of the San Mateo Fiesta floral show.

Besides her school and recreation work, Mrs. Eason is known for her devotion to children and advice to hundreds of young mothers in the care and guidance of their children.

When you alight from your car on the street side, you're an accident about to happen. It's risky business because another car may come along and smash into the door of your car. Get out on the curb side, says the California State Automobile Association — never on the street side.

DC Geography Gets New Look; Council Takes Coast Land

Daly City limits took a seven-league stride down the Coastside Monday night as the city council introduced an ordinance to annex the 85-acre John MacReady parcel, which includes 10 acres of land to be subdivided by Henry Doelger.

Annexation of the narrow strip will extend Daly City's limits south to Mussel Rock.

The annexation includes 75 acres of land which the city at one time considered for a fill and cover dump site, a proposal which met with vehement protest from Coastside residents, who objected to a dump at their "back door." The plan appeared to be abandoned, but apparently the council is still considering this location for refuse disposal.

"What good is this land?" asked Councilman Sanford Vickers, to which City Manager Howard Stites replied, "The city may still be confronted with the refuse disposal problem. If we ever had to use this area, then we would have control over the dump because it would be in the city limits."

When an automobile gets hot, it is sometimes hard to determine the cause. If your car is heating up, the first think to check is the fan belt to see if it is slipping, advises the California State Automobile Association. If in doubt, have it checked at a reliable service station or garage.

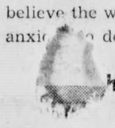
WHAT'S DOING

Thomas R. Gilbert, your Telephone Manager in Daly City

Manager E. C. Krase Delivers Pacific Telephone Tax Check to Lorraine Dickey, San Mateo County Tax Collector.

What Makes A Company A Good Citizen?

We in the Telephone Company often ask ourselves this question. We wonder about it because, both as men and women and as a company, we want to be the best citizens we know how. And the same things that make a person a good citizen also apply to a company. A good citizen must pay taxes, of course. And, naturally, the Telephone Company does this, paying property taxes of $950,707.51 during this year in this county alone . . . among the highest of any taxpayer in the county. As you know, this money comes from the telephone bills you pay. And, the tax dollars we pay are dollars that contribute a substantial amount to good government in the community. But we believe it's not enough just to be a taxpayer. So we, as telephone people, try to do our part in the community in other ways. We think it is important to help with the Community Chest, the Red Cross, the Boy and Girl Scouts, as well as other community activities. Fact is, we believe the ways of being a good citizen are unlimited and we're anxi[illegible] do our part.



hone Employee Is S. F. Student, Also Teaches Arabic Evenings

"The telephone company is a good place to work." And that's the firm conviction of Nuzha Abdul-Majid of San Francisco Plant, who works as a part-time employee. She came to this country two and one-half years ago from Jordan in the Middle East where she was an elementary school teacher.

Since then Nuzha has received Bachelor's Degree with honors from San Francisco City College. Now she is paying for her education toward a master's degree by working part-time for the telephone company. Nuzha is undecided yet, but she might aim for a Ph.D after she gets her master's.

Nuzha explains that when she returns to her native land she will be able to teach in any of the Arab states. These include Syria, Egypt, Jordan, Iraq, Lebanon, Saudia Arabia, Yemen, and Kuwait.

Nuzha teaches part-time at San Francisco's Berlitz School of Languages.

Mrs. Stanley Is Named President Of OLPH Mothers

Mrs. Virginia Stanley will be installed as president of Our Lady of Perpetual Help school Mothers' club at the June 8 meeting.

Other officers who were recently elected for the 1956-57 term are as follows, Mesdames: Audrey Sallade, vice president; Evelyn Mosman, recording secretary; Rose Fair, corresponding secretary; Jeanne Haney, financial secretary; Louise Lofrano, treasurer; and Betty Maschinot, auditor.

"NOTHING IS SO EASY AS TO DECEIVE ONE'S SELF"

— *(Author's name below) —

When a Physician becomes sick he always goes to another Physician to diagnose his ailment. He knows that no one can properly treat himself. Symptons of illness must be carefully noted and studied impassionately.

Do not deceive yourself by attempting self treatments. It is worth many times your Physician's charge to know that your health is in capable hands. When he tells you that your illness is not serious, as most often is the case, it is a wonderful feeling. Should some more difficult sickness threaten your health, an early treatment usually prevents any serious consequences.

Following a honeymoon in Los Angeles, the couple are making their home in Linda Mar.

MISS JOBSON WEDS ALEXANDER FINDLAY

Mr. and Mrs. Alexander Findlay, Jr., are now making their home in Linda Mar following recent rites at the College City Lakeside Presbyterian church.

The bride (the former Joan Elizabeth Jobson) is the daughter of Mr. and Mrs. Reginald A. Jobson of 300 Westlake avenue. She is a 1954 graduate of Jefferson Union High school and is now employed at the Daly City branch of the Bank of America.

Her husband, son of Mr. and Mrs. Alexander Findlay, Sr., of 249 Woodrow street, is also a Jefferson graduate. He is employed with the Pacific Telephone and Telegraph company.

Officiating at the April 28 rites was Dr. Neale Edwards.

For her wedding, the bride wore a lace and net gown fashioned with a stand-up collar and full waltz length skirt over a hoop. Her shoulder-length veil was held by a pearl trimmed crown, and she carried a bouquet of flowers of love.

Mrs. Charles Sterling, the former Gloria Jobson, was her sister's matron of honor. Bridesmaids were Miss Nancy Findlay, sister of the groom, and Miss Emily Guido.

A coral crystalette dress was worn by Mrs. Sterling, while the other two attendants were gowned in frocks of turquoise crystalette. Bouquet carried by the matron of honor was fashioned of yellow carnations surrounding flowers of love, while the bridesmaids' bouquet were of yellow carnations. All wore flower bandeaus holding matching veils.

Serving as best man was Harold Mosman, and Robert Jobson and Alfred Haverty undertook usher duties.

Reception for approximately 100 persons was held at the Westlake avenue home of the bride's parents. To receive her guests, Mrs. Jobson chose a blue taffetta dress with an interesting side drape and white accessories. In the reception line with Mrs. Jobson was Mrs. Findlay who wore a taffetta blue print gown, also with white accessories.

Leaving the reception for a Los Angeles honeymoon, the bride wore a gray suit.

MINISTER DEPLORES DC VOTING APATHY

The Rev. Fred Fanthorpe, 737 South Mayfair, deplored what he considered a "dangerous" public apathy towards voting at Monday night's council meeting.

"I observed the small vote at last week's election," he said, adding that, "We're in a dangerous situation in the United States when we meet the kind of apathy I met. We should do what we can to develop a more responsible attitude by the citizens.

"When you have this kind of apathy, a small clique can do dangerous things to a community," the minister concluded.

At the special recall election last week, 36 per cent of the voters turned out, while at Friday's Jefferson Elementary School district election, 6.3 per cent of the electorate voted.

County board of supervisors chairman Thomas Callan refused to approve a report made Tuesday by four supervisors "severely criticizing" county manager Robert Stallings and other county officers.

Jeff Nine Meets WG Today In Second PAL Playoff Tilt

Coach Lou Martin will shoot the works with his ace, Ray Vuillemainroy, in a do-or-die effort to stay in the PAL championship picture today (Friday) against Willow Glen at 3:15 p.m. on the local diamond.

The Indian nine dropped the first of a two out of three game series, 4-3, Wednesday on Willow Glen's field. The Indians must win today to keep alive hopes for a crack at the winner of the Sequoia-South San Francisco series and the league crown.

This will be the third performance for Vuillemainroy in eight days, but Martin must go with his ace since this could be the last game tof the season for Jeff.

Vuillemainroy pitched the Indians into the playoffs with 5-2 and 17-10 wins over Carlmont Friday and Monday respectively.

Lose Opportunity

Jefferson lost a golden opportunity to win the first game of the Willow Glen series Wednesday. Leroy Franzoia doubled with one on and none out in the seventh inning to put runners on second and third. However, a Willow Glen double play wiped out Jeff's last scoring chance.

Jeff took the lead in the fourth inning with a three-run outburst after the home nine had scored twice in the second.

Bob Grubb led off the Jeff fourth with a single and then stole second. Bill Strassburger walked, and Bob Bailey singled to right field, scoring Grubb and sending Strassburger to third.

Pitcher Barrie Haanan grounded out short to first, but Strassburger scored the second run and Bailey went to second. Bailey went to third on a passed ball and scored on Mike Wedlake's single. But Willow Glen scored once in the fifth and once again in the sixth to offset the Jeff edge.

Losing pitcher Haanan, in his first league start, gave up eight hits, while the Indians collected seven. Jeff made three errors, while the winners contributed two.

Jeff Comes Back

Jeff came from way back, like Needles, to get into the playoffs. After winning the first game, a loss to Carlmont would have meant a three-way playoff for second.

Trailing, 7-10 going into the seventh inning, Jeff exploded for 10 runs and a playoff berth. With the bases loaded on a walk, a hit and an error successive singles by Franzoia and Strassburger tied the count with one out.

Then two straight errors, Carlmont made 11 during the game, put the Jeffs ahead, 12-10. Tom Cloutier doubled two more runs across, Vuillemainroy singled, another run scored on an error by the pitcher, Grubb singled across another run, the center fielder dropped Ino Patron's fly ball to keep the inning alive and Franzoia singled in the final run with his second hit of the inning.

Scot Errors Help

Jeff collected 13 hits all told and were helped immeasurably by Scot errors. Vuillemainroy allowed 11 hits, five earned runs, struck out seven and walked four.

Friday's game was more orthodox. Again Vuillemainroy got the win, striking out six, walking three and limiting the Scots to four hits.

Training, 0-2, the Indians tied the count in the second on a walk, an error and singles by Vuillemainroy and Ron Cryer. They went ahead in the next frame when Bailey, who had singled, stole home with the bases loaded. Grubb then laid down a squeeze bunt to score Haanan, who had advanced on Grubb's steal.

The Carlmont wins gave Jeff second place in the NPAL with an 8-4 recorded. South City took the crown with a 9-3 mark.

Presentation of the awards was made by Ed Denning, while Mayor Joseph Verducci presented Whalen his trophy. The mayor then gave a short talk on the benefit of athletics to a youth program.

James Goulden, president, made a plea for new members, explaining that more men were needed to carry on youth activities.

A one hour floor show presented by Shipley & Maple School of the Dance concluded the program.

12-RUN SEVENTH HI-LIGHTS PISA DOUBLE VICTORY

Dante's New Pisa, scoring 12 runs in the final inning of one contest and aided by two-hit pitching in the other, copped a pair of games last weekend.

The local nine trounced Rolph Playground Saturday, 12-5, exploding for all dozen of the runs in the final frame after trailing throughout the game.

Vic Kulik was the winning pitcher. Hitting standouts for the locals included Duke Jones, who got a homer and two singles in three tries; George Claus, a four-master and single in three trips, and Rich Morales and Barry Krohn, each rapping a pair of singles.

Bill Ludwigsen's two-hit effort gave the Pisa boys a 5-2 victory over St. Gabriel's in Sunday's outing.

Morales, Claus, Bill Hymes, Ludwigsen and Jones were the hitting stars.

This Sunday the Daly City club will face El Cerrito Midgets at Marchbanks park, starting at 11:30 a.m. Another contest between Podesta Nursery and El Cerrito Juniors will follow at 2 p.m. at the local diamond.

Honeywell, Arneson Grab NCS Places

Jim Honeywell and Al Arneson grabbed places for Jefferson high school, as the Indians scored 6½ points in the North Coast Section, Group II, meet Saturday at Salinas.

Honeywell placed fourth in the 440, which was won with a time of :50.2, and Arneson was third in the pole vault, in which a meet record of 13'3¾" was set.

Jefferson was far down the list in team scoring, placing 15th out of 22 schools competing. Salinas won team honors with 31 points.

Sonny Martinez was the only Jeff lightweight able to grab a place, as the Indian Bs placed 13th out of 23 schools with five points. Salinas also won this division with 75 points.

Martinez grabbed a fifth in the 75-yd. dash, which was won with a time of :36.6. He along with Honeywell and Arneson in the varsity division qualified for the North Coast meet this Saturday at Berkeley. The California state meet is scheduled for June 2 at Chico.

Castagnetto Shines In North Cal. Golf

Daly City roofer Ed Castagnetto, former San Francisco city champ, seems to be the man to beat in the northern California golf championships after his weekend performance at Napa's Silverado country club.

Castagnetto established a new course competitive record of 65 Friday in winning medalist honors in the qualifying round.

Then he came through with a couple of convincing match victories Sunday. In the morning he beat former state champion Tal Smith, 3 and 2, and in the afternoon he walloped George "Bud" Shank, Diablo club champion, 6 and 5.

Castagnetto's next match this weekend will be a quarter-final battle with George Bass of Sacramento.

Another Daly City golfer, former city champ Bob Silvestri, didn't fare so well, dropping a toughie to George Studinger on the 19th hole Sunday morning.

Fontenos' Homer Gives Pack 248 Softball Win
